LOCAL - STATE NEWS

◆ EARLY RESPONSE TEAM BEING FORMED

When disasters strike, Early Response Teams (ERT's) are among the first to arrive and the last to leave. An ERT team from McMinn County is being organized under the direction of McMinn United Methodist Ministries, an interdenominational ministry. An informational meeting will be held at 7 tonight at the Cooke Ministry Center on Walter Street in Athens. The team's objectives in responding to disasters are to take steps to prevent further damage to property, such as tarping and cleaning out flooded homes, to survey victims' needs and report them to other disaster relief organizations, and to share the love of Christ with victims. For information, call Bill Cochran at 887-5048.

UPDATE ON HOUSEHOLD HAZARDOUS WASTE EVENT

The annual Household Hazardous Waste Event in Athens will be held a little later this year--either this Winter or next Spring--instead of the normal Fall time. Meantime, you can still recycle most of the normal household hazardous waste at the Athens Recycle Center. The Center accepts used motor oil, cooking oil, anti-freeze, electronics (except TV's and computer monitors), and all rechargeable car or boat batteries (not regular double, triple-A, C or D batteries). The Athens Public Works Department advises you to store other hazardous chemicals to bring to the annual Household Hazardous Waste Event. The date will be announced later.
