LOCAL - STATE NEWS

◆ DEER-RELATED CRASHES RISING

Autumn marks the start of deer mating season. As a result, the Tennessee Department of Safety cautions that an increase in deer-related crashes is likely through December. Since 2005, deer-related crashes in Tennessee have risen over 8.5%. There were 5,247 crashes involving deer in Tennessee in 2009. McMinn County is the worst county in Southeast Tennessee for deer-related wrecks: 108 in 2008, the last year for which statistics are available. Bradley County had 67, Monroe County had 28, and Meigs County had 12. State troopers say when you see a deer cross the road, expect more to follow. Many times, the second or third deer crossing is the one that motorists hit. If you collide with a deer, never approach the injured animal. They are powerful and can cause harm. Tennessee law allows deer killed in a collision to be kept for food, as long as you call the nearest TWRA regional office to report the accident within 48 hours.

"I CAN EAT MORE THAN YOU!"

Eight men demonstrated their ability to eat during the "Cheeseburger & Shake Challenge" last Saturday at Riddle and Wallace Soda Shop & Lunch Box. The contestants were given one hour to see how many cheeseburgers and milkshakes they could eat. John Nation of Athens managed to eat six burgers and shakes. Samuel Akins and Cody Sherlen of Athens tied for second place with five burgers and shakes each. Nation will be the reigning champion until someone breaks his record. Anyone can try at any time. Just call 454-5755 to set up an attempt. You will be required to put down a deposit and if you beat the record, there is no charge. If you fail, you'll have to pay for what you manage to get down. THIS DAY IN HISTORY-Oct. 19

- 1781** - As the American Revolutionary War drew near an end, Britain's Lord Cornwallis surrendered more than 7,000 troops at Yorktown, Virginia.
- 1879** - Inventor Thomas Edison finally succeeded in demonstrating his electric light bulb. It took hundreds of tries before he came up with a light bulb that worked. He is considered by many to be history's greatest inventor.
- 1945** - Singer Jeanie C. Riley was born. Her biggest hit came in 1968, "Harper Valley P.T.A."
- 1973** - The Arab oil-producing countries imposed a total ban on oil exports to the U.S. and declared a 10% cut in production to put pressure on the U.S. and its western European allies to force Israel to withdraw from Arab lands. The embargo triggered an energy crisis, long lines at the gas pumps, no Sunday gasoline sales, higher prices at the pump, and a severe recession in the U.S. and Europe during the next two years.
