## Starr Regional Annual Report

Starr Regional Medical Center has published its community benefit report for the 2021 calendar year. The yearly report outlines specific ways the hospital is positively contributing to McMinn County and the surrounding area and spotlights the various ways it is working to support the health and well-being of the community it calls home – an investment which has become increasingly essential in recent years. “Our mission of Making Communities Healthier has always been a fundamental part of succeeding as a community leader in McMinn County,” says John McLain, Chief Executive Officer (CEO) of Starr Regional Medical Center. The report highlights its continued efforts to meet the growing healthcare needs of its community through welcoming new providers, adding and expanding service lines and continually investing in its facilities and healthcare technology. In 2021, Starr Regional Medical Center added 119 providers in orthopedics, hospital medicine, tele-neurology, teleradiology, telepsychology, telenephrology and emergency medicine; and made more than \$2.5 million in capital improvements, including the addition of 3D mammography technology, sleep lab and imaging equipment, cardiac ultrasound machine and facility improvements. Additionally, Starr Regional Medical Center made a donation of more than \$39.6 million in health services to those in need, demonstrating its continuous commitment to ensuring everyone has access to care, regardless of their ability to pay. Starr Regional Medical Center’s complete 2021 community benefit report is available at [StarrRegional.com/about](http://StarrRegional.com/about)
