Overnight Lane Closures Underway for I-75 Resurfacing Project

Drivers on I-75 in Bradley and McMinn Counties should prepare for nightly lane closures due to a resurfacing project by the Tennessee Department of Transportation.

Beginning Tuesday night and continuing Sunday through Friday from 8 p.m. to 6 a.m., crews will close one lane in each direction between mile markers 31 and 39. Exit 36 ramps will also be temporarily closed overnight as work progresses.

At least one lane will remain open in both directions throughout the project, which is scheduled for completion by October 31, 2025. Drivers are urged to use caution, plan for delays, and monitor TDOT's SmartWay map or call 511 for real-time traffic updates. Work is weather-dependent and may be rescheduled if necessary.

Good Faith Clinic Open TODAY

The Good Faith Clinic will be open **TODAY**, Thursday, July 24 at 3 p.m. for refills and at 3:30 p.m. for doctor visits.

The Good Faith Clinic is free primary health care for residents of McMinn and Meigs counties, ages of 18-64, who do not have any form of medical insurance, including TennCare. The clinic meets on the campus of Christ Community Church at 18 S Congress Parkway in Athens.

*REMINDER: The Good Faith Clinic is now open the 2nd, 4th, and 5th, **Thursdays** of each month.*

Athens Regional Park Adds Fishing Line Recycling Stations to Protect Wildlife

The City of Athens has installed new monofilament fishing line recycling containers at popular fishing spots in Athens Regional Park. These dedicated stations aim to reduce harm to local wildlife such as turtles, waterfowl, and other aquatic animals that can be injured or killed by improperly discarded fishing line.

Fishing line left behind can easily entangle animals, leading to serious injury or even death. The new containers offer anglers and park visitors a safe and responsible way to dispose of used line, helping to keep both the park clean and its ecosystem safe.

This environmental effort is supported by Athens Lowe's, which donated the materials used to construct the recycling bins. Their contribution highlights the importance of community partnerships in preserving shared natural spaces.

The initiative reflects the City's broader commitment to conservation, as a designated Tree City USA community, and is part of ongoing efforts by the Athens Parks and Recreation Department to promote stewardship of public lands. For more information about the recycling program or other park initiatives, contact the Athens Parks and Recreation Department at 423-744-2704. *Source:* [City of Athens - Facebook](#)
